Oxygen Bottle, Pressurized Water System, Telescoping Tow Bar with Mount, Crew EROS Oxygen Masks, Twelve Emergency Survival Bags, Increase MGTOW, Take-off Field Elevation Extended to 14,000 feet, New S Duct Hooks, Devore Recognition Lights, Two Rechargeable Flashlights, All Cabin Windows Refinished on Exterior Surface.

INTERIOR

Highly modified customized sound proofing package completed in 2007. Recorded as the quietest Falcon 50 in the world. Seating for nine passengers features a four-place club arrangement forward and a three-place couch across from a two-place club arrangement aft. The chairs are upholstered in light gray leather while the couch is covered in a tastefully coordinating fabric renewed in 2006. High gloss wood veneer with brushed nickel plated hardware, ultrasuede headliner and custom wool carpet completes the cabin. Side facing Flight Deck Jumpseat installed 2006. The full forward galley includes a high temperature oven, cold food storage, pull-out work surfaces and customized ample storage for china, flatware and crystal. The private lavatory with vanity and flushing toilet is located aft.
